To: Recipients of GE90 Technical Manual Index  
Subject: GE90 Technical Manual Index, May 1, 2012 Revision

This is the letter of transmittal for the May 1, 2012 revision of the GE90 Technical Manual Index. This revision supersedes and replaces all previous indices and revisions thereto in their entirety.

This index is issued monthly to define the status of GE90 publications and consists of the following parts:

Section 1 Component Maintenance Manuals - ATA Order.  
Section 2 Engine Manuals

In the index, the "Rev. Cycle" column indicates the planned revision frequency for each publication listed. The meaning of entries in this column is as follows:

90 ..... 90 day (Quarterly)  
120 ..... 120 day (3 times annually)  
180 ..... 180 day (Semi-annual)  
365 ..... 365 day (Annually)  
AR ..... As Required ( No scheduled revisions - will be revised to incorporate changes as necessary)

Engine Manuals and Illustrated Parts Catalogs for the GE90 programs will be distributed on a semi-annually basis. Issue dates will be noted in the Next Rev Date column in the Engine Manual Index Section.

In the index, there is a "Rev. No." column used to indicate the current revision number of the CMM. When "ACMM" appears in the "Rev. Cycle" column the CMM is an Abbreviated Component Maintenance Manual. ACMMs are completely revised and reissued each time they are changed and will not have a revision number.

An asterisks(\*) behind the revision number in the Rev. No. column shows that the document was revised since the last technical manual index was published. In addition, in the on-line version of the index, revisions will appear in bright blue text.

Triple asterisks (\*\*\*) indicate the manual is produced, maintained and distributed by BAE Systems. To obtain copies of the manual please contact the following: [cs-customer.service@baesystems.com](mailto:cs-customer.service@baesystems.com) (607) 770-2191.

The following disclosure notice is to inform you of your obligations as a recipient of technical information under U.S. Export Laws:

THE INFORMATION (INCLUDING TECHNICAL DATA) CONTAINED IN THIS DOCUMENT IS THE PROPERTY OF GE. IT IS DISCLOSED IN CONFIDENCE AND THE TECHNICAL DATA THEREIN IS EXPORTED UNDER A UNITED STATES GOVERNMENT LICENSE. THEREFORE, NONE OF THE INFORMATION MAY BE DISCLOSED TO OTHER THAN THE RECIPIENT, OR USED FOR PURPOSES OTHER THAN TO RENDER SERVICES TO GE, WITHOUT THE EXPRESS WRITTEN AUTHORIZATION OF GE. IN ADDITION, THE TECHNICAL DATA THEREIN, AND THE DIRECT PRODUCT OF THE DATA, MAY NOT BE DIVERTED, TRANSFERRED, RE-EXPORTED OR DISCLOSED IN ANY MANNER NOT PROVIDED FOR THE LICENSE WITHOUT THE PRIOR WRITTEN APPROVAL OF THE UNITED STATES GOVERNMENT.

Questions or comments concerning the content of this index should be directed to Aviation Operations Center, toll free within the U.S., (877) 432-3272 or outside the U.S., (513) 552-3272 or [geae.aoc@ge.com](mailto:geae.aoc@ge.com)

For any changes in distribution requirements for publications contained therein, please contact GE Aviation, Attn: Distribution Department, 1 Neumann Way, Room 230, Cincinnati, Ohio 45215, PH (513) 552-3272, FAX (513) 552-3329, also available e-mail: [geae.aoc@ge.com](mailto:geae.aoc@ge.com).
