ARTICLE 3 - PAYMENT TERMS.

(a) **Standard Terms.** Purchaser shall initiate payment for approved invoices on the 120th day following the Payment Start Date (the “Net Date”). Seller agrees to accept the invoice amount discounted as follows: (a) for Direct Procurements, discounted by two and one-half percent (2.5%) in exchange for Purchaser’s initiation of payment on the forty-fifth (45th) day following the Payment Start Date (2.5% 45 net 120); and (b) for Indirect Procurements, discounted by three and one-half percent (3.5%) in exchange for Purchaser’s initiation of payment on the fifteenth (15th) day following the Payment Start Date (3.5% 15 net 120). The Payment Start Date shall be the later of (a) the date performance is requested by Purchaser (e.g., in a part schedules report (Goods) or statement of work (Services)), (b) the material received date, as identified in Purchaser’s computer system, or (c) the invoice approval date (which shall not be earlier than the date of complete performance). If the early payment discount date or the Net Date, as applicable, falls on a weekend or a holiday, Purchaser will initiate payment to Seller on the next business day. If Purchaser initiates payment before or after the early payment discount day, the invoice will be discounted on a pro rata basis to reflect each day that payment is accelerated.

When Purchaser takes an early payment discount to settle an invoice, Seller acknowledges and confirms that (1) Purchaser has assigned its right, title and interest in the related Goods and/or Services to GE Capital US Holdings, Inc., or another Affiliate of Purchaser or a successor entity (collectively, "GEC") and title to the Goods and/or Services shall pass directly to GEC in accordance with the terms of this Agreement (2) once title to the such Goods and/or Services has passed to GEC, GEC will immediately and directly transfer such title to Purchaser and (3) all of the Seller’s obligations under this Agreement, including Seller’s representations and warranties, shall extend to and benefit Purchaser as if title passed directly to Purchaser.

(b) **Batched Payments.** Purchaser may choose to group, on a quarterly basis, all approved invoices that are not paid on their applicable early payment discount dates and initiate payment on the following payment dates (each, a “Batched Payment Date”): (i) invoices that have Net Dates ranging from February 16th to May 15th will be grouped and payment will be initiated on April 3rd, (ii) invoices that
have Net Dates ranging from May 16th to August 15th will be grouped and payment will be initiated on July 3rd, (iii) invoices that have Net Dates ranging from August 16th to November 15th will be grouped and payment will be initiated on October 3rd, and (iv) invoices that have Net Dates ranging from November 16th to February 15th will be grouped and payment will be initiated on January 3rd, with the result that some approved invoices will be paid earlier than their Net Dates and some approved invoices will be paid later than their Net Dates. If the Batched Payment Date falls on a weekend or holiday, payment of the approved invoice will be initiated on the next day that Purchaser and the banks used by Purchaser are open for business. As an example of the foregoing, please see the chart below:

(c) **Invoicing.** Settlement and invoicing must be paperless and in a format acceptable to Purchaser. Options acceptable to Purchaser may include Web Invoicing, Evaluated Receipt Settlement and Electronic Data Interchange. Seller must provide banking information to establish electronic funds transfer for U.S. suppliers and wire transfer for non-U.S. suppliers.

Seller shall invoice Purchaser not later than ninety (90) days after delivery of the Goods and/or completion of the Services ("Due Date"), unless otherwise specified in the applicable Purchase Order. Purchaser shall deem any invoice invalid that is received more than ninety (90) days after the Due Date, unless specific terms to the contrary are acknowledged by Purchaser in writing.

(d) **Taxes.** All sums payable under this Agreement shall be exclusive of VAT or other sales tax, which shall (if applicable) be payable by the Purchaser.

(e) **Set-off.** Purchaser shall be entitled to set off any amount owing from Seller to Purchaser or to any of Purchaser's Affiliated companies against any amount payable under this Agreement.

**ARTICLE 4 - TRANSPORTATION AND DELIVERY.**

(a) Unless otherwise stipulated on the face of the Order, the applicable shipping and delivery Incoterms will be FCA (named place) Incoterms 2010. In any event, title to Goods shall pass to Purchaser upon delivery. Purchaser insures all Goods for which it accepts risk of loss while such Goods are in transit. Therefore, Seller shall not declare any insurance value on such Goods shipped via Purchaser's carrier.

(b) Seller shall release rail or truck shipments at the lowest released valuation permitted in the governing tariff or classification. Purchaser will pay no charges for unauthorized transportation. Any unauthorized shipment, which results in excess transportation charges, must be fully prepaid by the Seller. If Seller does not comply with the stated delivery schedule, Purchaser shall require delivery by the fastest way. The charges resulting from this mode of transportation must be fully prepaid and the Seller must absorb the full cost of the shipment.

(c) Seller's non-U.S. locations involved with the manufacture, warehousing, shipment, or delivery to U.S. agree to (1) review and use commercial reasonable efforts to comply with "GE Customs-Trade Partnership Against Terrorism (C-TPAT) Supply Chain Security Guidelines for International Suppliers/Shippers" located at [https://www.geaviation.com/sites/default/files/C-TPAT_guidelines_intl_suppliers_shippers.pdf](https://www.geaviation.com/sites/default/files/C-TPAT_guidelines_intl_suppliers_shippers.pdf) (2) develop and implement security procedures ("Security Plan") consistent with appropriate C-TPAT, AEO, or similar program criteria, and (3) provide, upon
Purchaser’s request, (i) a copy of the Security Plan; (ii) the current contact information of a supply chain security company point of contact; (iii) the certification number if Seller is certified by a supply chain security program (e.g., C-TPAT Status Verification Interface or SVI); (iv) any changes to its certification status; and (v) the completion of a supply chain security questionnaire (if not certified by a supply chain security program).

(d) Seller agrees to contact Purchaser upon knowledge of any known or suspected security breach affecting the Goods (contraband, smuggling, threatening or suspicious activities detected, tampered container, trailer, lock or seal including a seal broken during a customs inspection).

(e) Upon Purchaser's request, all shipment containers for Goods shall be labeled in accordance with Purchaser's Bar Code Shipping Label Instructions. Seller shall designate an individual responsible for compliance with said instructions and shall act as the Seller's contact for issues concerning bar code labels. If Seller uses Purchaser's supplier collaboration portal, Seller shall not print bar code shipping labels more than twenty-four hours prior to transit of Goods to Purchaser.

(f) Seller agrees to use Purchaser's defined supplier collaboration portal, one of which is ACES, and agrees to meet the requirements set forth in that system. For the avoidance of doubt, lead times for all Goods and Services shall be those established at the time an Order is initially placed, whether by (i) such lead time being input into Purchaser's supplier collaboration portal and having such lead time approved by Purchaser or (ii) otherwise in an agreed writing. Any changes to the established lead time, and the date that such change will take effect, must be mutually agreed. Should Purchaser request Seller to deliver Goods in a time period less than the established lead time, Seller shall use commercially reasonable efforts to meet such delivery requirements and the remedies set forth in Article 4(g)(ii) and (iii) below shall not apply.

(g) Delivery Delays.

i) For all deliveries made pursuant to this Agreement, the Parties agree and acknowledge that time is of the essence. In the event Seller for any reason anticipates any difficulty in complying with the required delivery date or any of the other requirements of this Agreement, Seller shall promptly notify Purchaser in writing, and upon request, provide Purchaser adequate assurance of performance.

ii) Any delay that is attributable to the Seller and that Seller does not cure within one (1) week shall result in Purchaser's right to assess the following as liquidated damages: (A) 2% for deliveries that are delinquent to the material requirement date (“Delinquency”) between 8-14 days; 4% for Delinquencies between 15-21 days; 6% for Delinquencies between 22-30 days; and 10% for Delinquencies of more than 30 days, with such percentages representing the percent of the price of each Good or Service that is delayed; and (B) any amount of liquidated damages Purchaser owes to its customer as a result of Seller's failure to timely deliver the Goods/Services ((A) and (B) together, “Delivery Damages”). The Parties agree that such Delivery Damages, if assessed, are the exclusive monetary remedy for the delay period; are a reasonable pre-estimate of the damages Purchaser will suffer because of delay based on circumstances existing at the time the Order was established; and are to be assessed as liquidated damages for such delay and not as a penalty.

iii) Further, if Seller is more than thirty (30) days delinquent in delivery, then GE may (1) reduce the market share percentages (if applicable) for the specific delayed Goods until such time as Seller is no longer delinquent and/or (2) consider the delay a material default of this Agreement exclusive of delays resulting from force majeure and delays directly caused by the Purchaser, giving rise to termination rights as set forth in Article 5 of this Agreement. Purchaser’s remedies are cumulative and Purchaser shall be entitled to pursue any and all remedies available at law or equity.

iv) For Suppliers that have earned a delivery rating of “Role Model” in the Supplier Expectations and Performance Management system (“SEPM”) at the end of a particular month, Purchaser shall waive the Delivery Damages for such month. For Suppliers that have earned a SEPM rating of “Excellent” at the end of a particular month, the Delivery Damages shall be reduced by 50% for such month.
ARTICLE 5 - TERMINATION.

(a) **Delay and Default.** In the event Seller for any reason anticipates any difficulty in complying with the required delivery date or any of the other requirements of this Agreement, Seller shall promptly notify Purchaser in writing, and upon request, provide Purchaser adequate assurance of performance. In the event of a delivery delay, non-delivery or any other default by Seller in meeting its obligations under this Agreement, Purchaser may terminate all or any part of this Agreement without further compensation to Seller, and Purchaser's rights will be (i) for Goods, as specified in the New York Uniform Commercial Code (or if Seller is located outside the U.S., Article 45 of the United Nations Convention on Contracts for the International Sale of Goods); (ii) for Services, Purchaser may procure, upon such terms and from any source or service provider as it shall deem appropriate, supplies or services similar to those terminated. In each case, Seller shall continue performance of such Agreement to the extent not terminated and shall be liable to Purchaser for any excess costs for Purchaser's procurement of such similar supplies or services. If Purchaser has made any progress payments under this Agreement, Seller shall refund to Purchaser any such payments immediately upon termination.

(b) **Termination for Convenience.** Purchaser may terminate all or any part of this Agreement for convenience at any time after notice specifying the extent of termination and the effective date. After receipt of notice of termination, unless otherwise directed by Purchaser, Seller shall immediately: (1) stop work as directed in the notice; (2) place no further subcontracts or orders for materials, services, or facilities, except as necessary to complete the continued portion of the Agreement; and (3) terminate all subcontracts to the extent they relate to work terminated. Seller shall submit a final termination settlement to Purchaser in the form prescribed by Purchaser within ninety (90) days from the effective date of the termination. In no event shall Purchaser be liable for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the total Agreement price. In the event that Purchaser wrongfully terminates this Agreement under paragraph (a), in whole or in part, such termination becomes a termination for convenience under this paragraph (b).

ARTICLE 6 - DISPUTE RESOLUTION.

(a) **Arbitration.** If a dispute arises under or relating to this Agreement in any way, the parties will endeavor to resolve the dispute amicably, including by designating senior managers who will meet and use commercially reasonable efforts to resolve any such dispute. If the parties’ senior managers do not resolve the dispute within sixty (60) days of first written request, either party may request that the dispute be settled and finally determined by binding arbitration. The arbitration will be conducted in accordance with the then-current Commercial Arbitration Rules of the American Arbitration Association by one or more arbitrators appointed in accordance with the applicable rules. The seat of the arbitration shall be New York, New York, and any hearings shall take place at a mutually agreed location or as the arbitrator(s) order. The arbitrator(s) will have no authority to award punitive damages, attorney's fees and related costs or any other damages not measured by the prevailing party's actual damages, and may not, in any event, make any ruling, finding or award that does not conform to the terms and conditions of the Agreement and applicable law. The award of the arbitrator(s) will be final, binding and not appealable to the greatest extent the law permits, and judgment may be entered thereon in any court of competent jurisdiction. All statements made or materials produced in connection with this dispute resolution process and arbitration are confidential and will not be disclosed to any third party except as required by law or subpoena. Except as specified in paragraph (c) below, the parties intend that the dispute resolution process set forth in this Article will be their exclusive remedy for any dispute arising under or relating to this Agreement or its subject matter. Any claim against Purchaser shall be barred unless Seller has requested that it be resolved by arbitration in accordance with this Article within one year of the dispute, which shall be the effective date of termination if the dispute is related to termination.

(b) If Seller is located outside of the United States, the terms set forth in paragraph (a) above apply, except the seat of the arbitration shall be London, England, and disputes shall be conducted in accordance with the rules of the International Chamber of Commerce.

(c) **Exception.** Either party may at any time, without inconsistency with paragraph (a) above, seek from a court of competent jurisdiction any equitable, interim, or provisional relief to avoid irreparable harm
or injury. Paragraph (a) above will not apply to and will not bar litigation regarding claims related to a party’s Proprietary Information or Intellectual Property, nor will paragraph (a) above be construed to modify or displace the ability of the parties to effectuate any termination contemplated by this Agreement.

ARTICLE 7 - PURCHASER'S PROPERTY.

(a) Property includes equipment, materials, bailed materials, samples, parts, tooling, tooling drawings, and software (“Property”). Purchaser’s Property includes Property furnished to Seller by Purchaser or on behalf of Purchaser or paid for by Purchaser (“Purchaser’s Property”). Purchaser’s Property is the property of Purchaser.

(b) Seller may use Purchaser’s Property for the sole purpose of performing its obligations under this Agreement. Nothing in this Article or elsewhere in this Agreement shall be interpreted as being an implied license or a license by estoppel to Intellectual Property Rights in Purchaser’s Property.

(c) Seller shall: plainly mark or otherwise adequately identify Purchaser's Property as being the property of Purchaser, where practical; safely store Purchaser’s Property apart from other Property; hold Purchaser’s Property at Seller’s risk and insured for replacement cost with loss payable to Purchaser while in Seller's custody or control; maintain Purchaser’s Property; and upon Purchaser's written request, remove and deliver Purchaser’s Property to Purchaser in the same condition as originally received by Seller, except for reasonable wear and tear.

(d) Seller shall not analyze, have analyzed, or cause to be analyzed Purchaser’s Property to determine its chemical composition, physical properties, or for reverse engineering.

(e) Seller may not use, disclose to others or reproduce Purchaser’s Property for any other purpose, including, but not limited to, (1) the design, manufacture, or repair of parts, or to obtain FAA or any other governmental approval to do so; or (2) to provide any part by sale or otherwise, to any person or entity other than Purchaser.

(f) If Seller, without Purchaser's prior written approval, designs or manufactures for sale to any person or entity other than Purchaser or Purchaser’s Affiliate any hardware that is substantially similar to or can replace or repair any Purchaser designed product or system or any part for a GE, CFM International, or other engine program in which Purchaser participates, or obtains FAA or other governmental approval for such hardware or repair, Seller shall be required to establish by clear and convincing evidence in any adjudication involving Purchaser's Property that neither Seller nor any of its employees, sub-contractors or agents used, directly or indirectly any of Purchaser's Property in such design or manufacture or in obtaining FAA or other governmental approval.

(g) Government Contracts. If Property under this Agreement is furnished or paid for under a government subcontract (as defined in Appendix 1, below) that includes ownership of Property by the government, the government shall retain ownership of such Property. Seller hereby grants to Purchaser an irrevocable, fully paid up, perpetual license to use such Property.

ARTICLE 8 - INTELLECTUAL PROPERTY.

i) Intellectual Property developed or acquired by either party before or outside the scope of this Agreement is considered Background Intellectual Property (“Background Intellectual Property”).

ii) Nothing in this Agreement shall entitle a party to ownership rights in any Background Intellectual Property of the other party.

iii) Seller grants to Purchaser a non-exclusive, perpetual, irrevocable, fully paid-up, worldwide license to use, copy, and make derivative works of Seller’s Background Intellectual Property and to disclose Seller's Background Intellectual Property to Purchaser’s customers, partners, Affiliates, and contractors in connection with the sale, test, qualification, adaptation, modification, servicing, or repair of Goods and/or Services, including where such Goods and/or Services are incorporated into a higher tier assembly. The license granted herein shall

iii) Seller hereby assigns and agrees to assign all rights in Foreground Intellectual Property to Purchaser. In addition, Seller, will provide reasonable, timely assistance to Purchaser (at Purchaser’s expense) to enable Purchaser to secure Intellectual Property Rights in Foreground Intellectual Property.

iv) When an Order includes line items for Goods and/or Services or an adaption or improvement to existing Goods and/or Services, Intellectual Property relating to such line items shall be considered Foreground Intellectual Property unless Seller establishes by documented evidence that such Intellectual Property was developed wholly outside of the scope of this Agreement, and without use of Purchaser’s funds, Purchaser’s Property, and Purchaser’s Background Intellectual Property.

v) All Foreground Intellectual Property that is considered “Work Made for Hire” as defined in Section 101 of the United States Copyright Act, 17 U.S.C. § 101, and used in 17 U.S.C. § 201 (or relevant EU legislation and the UK Copyright, Design and Patents Act 1988, c. 48, as amended), shall be deemed a “work made for hire” under this Agreement, with all right, title and interest in such Foreground Intellectual Property vesting with Purchaser.

vi) Seller will procure from its employees and subcontractors at Seller’s sole expense (including any compensation due Seller’s employees), all Intellectual Property Rights in Foreground Intellectual Property. Further, Seller will secure from Seller’s employees and subcontractors the execution of all patent applications, assignments, and other instruments necessary for procuring Intellectual Property Rights and vesting title in Foreground Intellectual Property for Purchaser.

(c) **Government Contracts.** If the Goods or Services under this Agreement are being delivered pursuant to a government subcontract (as defined in Appendix 1, below) that includes retention of ownership of Foreground Intellectual Property by the Seller, provision (b) above shall not apply, and Seller shall retain ownership of such Foreground Intellectual Property ("Seller’s Foreground Intellectual Property"). Seller hereby grants to Purchaser a perpetual, irrevocable, fully paid up, worldwide license to use, copy, and make derivative works of Seller’s Foreground Intellectual Property, with the right to sublicense, and to disclose Seller’s Foreground Intellectual Property to Purchaser’s customers, partners, Affiliates, and contractors in connection with the sale, test, qualification, adaptation, modification, servicing, or repair of Goods and/or Services, including where such Goods and/or Services are incorporated into a higher tier assembly. Purchaser, Purchaser’s customers, suppliers, partners, Affiliates, regulators, auditors, and inspectors shall not use Seller’s Foreground Intellectual Property for the purposes of manufacturing the Goods and/or Services or procuring the Goods and/or Services from sources other than Seller, without Seller’s written approval. The license granted in this Article 8(c) shall supersede use restrictions stated in any Proprietary Information Agreement, provided that to the extent Seller’s Foreground Intellectual Property is considered Seller’s Proprietary Information, such Seller’s Foreground Intellectual Property will be subject to the confidentiality terms of Article 9.
(d) **Patent Markings.** If Purchaser notifies Seller that Goods ordered under this Agreement are patented, Seller agrees to mark such Goods with any patent numbers or other markings designated by Purchaser, including updates to such numbers or markings.

(e) **Intellectual Property Representations and Warranties.** Seller represents and warrants:

(b) All Purchaser’s Property, Purchaser’s Background Intellectual Property, Foreground Intellectual Property, and Orders shall be deemed Purchaser’s Proprietary Information.

(c) Seller shall not disclose Purchaser’s Proprietary Information to any third party or use Purchaser’s Proprietary Information for the benefit of any third party without Purchaser’s consent. Seller shall protect Purchaser’s Proprietary Information against unauthorized use or disclosure using at least those measures that it takes to protect its own Proprietary Information of a similar nature, but no less than reasonable care. Seller will permit access to Purchaser’s Proprietary Information to only Seller’s personnel who have a need to know for the purpose of performing Seller’s obligations under this Agreement. In the event that Seller is required by applicable law or regulation to disclose Purchaser’s Proprietary Information, Seller shall provide Purchaser with prompt notice thereof and a reasonable opportunity to comment or undertake protective measures prior to such disclosure. Seller may disclose only the information that is required by such law or regulation to be disclosed without liability under this Agreement.

(d) Notwithstanding the restrictions in this Article, Seller may disclose Purchaser’s tooling and tooling drawings to Seller’s sub-contractors for the sole purpose of assisting Seller in performing its obligations under this Agreement, provided that Seller’s sub-contractors agree in writing to obligations of confidentiality at least as restrictive as those set forth in this Agreement for Purchaser’s benefit.

(f) Seller shall comply with the “GE Privacy and Data Protection Appendix (applicable to contracts/POs post April 25, 2018)”, which is incorporated into this Agreement and available at http://www.gesupplier.com/html/GEPolicies.htm.

**ARTICLE 10 - CHANGES.**

(a) Purchaser reserves the right at any time to make changes within the general scope of this Agreement. Such changes may include: (1) drawings, designs or specifications; (2) technical clarifications; (3) artwork; (4) quantity; (5) method of shipment or packing; (6) quality; (7) place or time of delivery; or (8) amount of Purchaser’s furnished property.

i) If any change causes a significant impact on the cost of, or the time required for, performance of any work under this Agreement, an equitable adjustment shall be made in the price or delivery schedule, or both as applicable, in writing. Any Seller claim for adjustment under this
article shall be deemed waived unless asserted in writing within twenty (20) days after receipt by Seller of the notice to make the change and may only include reasonable, direct costs that will necessarily be incurred as a direct result of the change.

ii) Seller shall not proceed to implement any change for which Seller will seek an equitable adjustment until Purchaser provides for such change in writing.

iii) Nothing in this section, including any disagreement with Purchaser as to the equitable adjustment to be made, shall excuse Seller from proceeding with the change provided that Purchaser pays Seller all undisputed amounts pursuant to this Agreement.

(b) Seller shall notify Purchaser in writing in advance of any and all: (1) changes to the Goods and/or Services, their specifications and/or composition; (2) process changes; (3) plant and/or equipment/tooling changes or moves; (4) transfer of any work hereunder to another site; and/or (5) sub-supplier changes, to permit Purchaser to identify any quality, regulatory or other reporting requirements that may arise from such change, including, but not limited to, FAR, DFARs, and FAA requirements, and no such change shall occur until Purchaser has had the opportunity to conduct such audits, surveys and/or testing necessary to determine the impact of such change on the Goods and/or Services and has approved such change in writing.

i) Seller shall be responsible for obtaining, completing and submitting proper documentation regarding any and all changes, including complying with any written change procedures issued by Purchaser.

ii) For Goods that require Purchaser's source approval, Seller agrees to provide a minimum advance notice of 180-days to Purchaser of any changes to significant processes, including, but not limited to physical relocation of any manufacturing or quality operations. Within fourteen (14) days of such notice, Seller will generate a Critical Process Control plan, which is subject to Purchaser’s review and approval.

ARTICLE 11 - ANTICIPATION OF DELIVERY SCHEDULE. It is Seller’s responsibility to comply with its scheduled lead times, but not to anticipate Purchaser’s requirements. Any material commitments or production arrangements made by Seller in excess of the amount or in advance of the time necessary to meet schedules that are within lead time shall be at Seller’s sole risk and expense. Goods shipped to Purchaser in advance of Purchaser’s requirements may be returned to Seller at Seller’s expense.

ARTICLE 12 - ASSIGNMENT AND CHANGE IN OWNERSHIP.

(a) Assignment. Any assignment or attempt to assign or subcontract Seller’s obligations under this Agreement without the advance written consent of Purchaser shall be null and void and shall give Purchaser the right to terminate this Agreement for default.

(b) Change in Ownership. If a third party submits a solicited or unsolicited offer (whether or not binding or part of a process lead by Seller) to Seller that would result in a Change of Ownership or Control of Seller, as defined below, Seller shall give notice of such offer, including the identity of the offeror, to Purchaser as early as commercially practical following Seller’s receipt of the offer. Before Seller accepts the offer or enters into definitive documentation with respect to a Change of Ownership or Control, it shall give Purchaser an opportunity, within a reasonable time, to advise Seller of its impact on performance of this Agreement. If the Change in Ownership or Control occurs, Purchaser has the right at its discretion to terminate this Agreement. In the event of such termination, Seller agrees to render full cooperation to Purchaser in order to minimize disruption to the Purchaser’s program. Pending termination or in lieu of termination, Purchaser may require Seller to provide adequate assurance of performance, including, but not limited to the institution of special controls regarding the protection of Purchaser’s Property, Purchaser’s Background and Foreground Intellectual Property, and Proprietary Information.

For purposes of this sub-paragraph (b), the terms “Change in Ownership or Control” shall mean any of the following in each case, either directly or indirectly: (1) the sale of equity shares controlling 20% or more of the voting rights in Seller or Seller’s ultimate parent, (2) the sale, lease, transfer or other disposition of substantially all of the assets of Seller or Seller’s ultimate parent, (3) a merger, reorganization, consolidation, share exchange, recapitalization, business combination, liquidation or...
dissolution or similar transaction involving Seller or Seller’s ultimate parent, (4) a tender offer or exchange offer for any of the outstanding shares of capital stock of Seller or Seller’s ultimate parent, (5) a sale by Seller of the assets relating to the product Seller produces or will produce for Purchaser, or (6) any public disclosure of a proposal or plan or intention to do any of the foregoing.

ARTICLE 13 - QUALITY ASSURANCE, INSPECTION AND TEST.

(a) Seller shall be responsible for the specific quality, performance, productivity provisions, and documentation requirements, if any, set forth in this Agreement. In addition, Seller shall be responsible for imposing the applicable quality assurance requirements on its subcontractors. Purchaser and Purchaser’s customer, shall each have the right, at no charge to Purchaser or Purchaser’s customer, to access the sites where the work under this Agreement is performed or to receive Seller data, in order to (1) conduct quality audits, (2) perform or witness inspections or tests of the Goods or Services furnished hereunder at Seller’s facility (or elsewhere), (3) assess conformance with Purchaser’s specifications, (4) assess part performance, (5) assess conformance with Seller’s covenants under this Agreement and (6) optimize follow on processes and production. In accordance with 14 CFR 145.223 and 14 CFR 21.140, any Seller that accepts parts, which are regulated by the Federal Aviation Administration (FAA), or those regulated by EASA, DAOS or other regulator, must provide facility access to that regulator for surveillance of these parts.

(b) The Seller agrees to use only experienced, trained and qualified employees in the performance of its obligations under this Agreement and all Services performed must be of first class quality and workmanship.

(c) Notwithstanding Purchaser’s right to audit in paragraph (a) above, all Goods and Services supplied under this Agreement shall be received subject to Purchaser’s right of inspection, count, testing, acceptance and/or rejection per the technical specifications. Payment for Goods and/or Services delivered hereunder shall not constitute acceptance thereof, and all payments against documents shall be made with a reservation of rights by Purchaser for defects in Goods and/or Services, including, without limitation, defects apparent on the face thereof. The making of, or failure to make, any inspection or acceptance of the Goods or Services shall in no way impair Purchaser’s right to reject nonconforming Goods or Services or to avail Purchaser of any other remedies to which it may be entitled.

Seller will maintain Objective Evidence of its conformance with this paragraph. Objective Evidence means any statement of fact pertaining to the quality of a product or service based on observations, measurements or tests that can be fully verified. Counterfeit Goods include, but are not limited to: (i) Goods that are an illegal or unauthorized copy or substitute of an Original Equipment Manufacturer (OEM) item; (ii) Goods that do not contain the proper internal or external materials or components or are not manufactured in accordance with the OEM design; (iii) Goods that are used, refurbished, or reclaimed but that Seller represents as being new; (iv) Goods that have not successfully passed all OEM required testing, verification, screening, and quality control
but that Seller represents as having met those requirements; (v) Goods with a label or other marking intended, or reasonably likely, to mislead a reasonable person into believing a non-OEM Good is a genuine Good when it is not, and (vi) Goods that are an unauthorized copy or substitute that have been identified, marked, and/or altered by a source other than the item's legally authorized source and has been misrepresented to be an authorized item of the legally authorized source.

Seller shall provide to Purchaser the OEM’s certificate of conformance for any Goods acquired from an authorized OEM reseller or distributor. Goods shall not be acquired from independent distributors or brokers unless specifically authorized in writing by Purchaser.

ii) Seller shall maintain a method of item traceability that ensures tracking of the supply chain back to the manufacturer of all Electrical, Electronic, and Electromechanical (EEE) parts included in assemblies and subassemblies being delivered per this Agreement. This traceability method shall clearly identify the name and location of all of the supply chain intermediaries from the manufacturer to the direct source of the product for Seller, and shall include the manufacturer’s batch identification for the item(s) such as date codes, lot codes, serializations, or other batch identifications. When requested by Purchaser, Seller shall provide OEM documentation that authenticates traceability of the affected items to the applicable OEM.

iii) Seller shall immediately notify Purchaser and the GIDEP system if it knows or suspects that it has provided Counterfeit Goods.

iv) In the event Goods delivered under this Agreement constitute Counterfeit Goods, Seller shall at its expense promptly replace such Goods with genuine Goods conforming to the requirements of this Agreement. Purchaser reserves the right to turn over suspected Counterfeit Goods to US Governmental authorities (Office of Inspector General, Defense Criminal Investigative Service, Federal Bureau of Investigation, etc.) for investigation and reserves the right to withhold payment for the suspect items pending the results of the investigation. The remedies available under this Article are in addition to any other remedies Purchaser may have available to it in law or in equity, or in any other provisions in this Agreement.

v) This paragraph (f) applies in addition to any other quality provision, specification, or statement of work included in this Agreement addressing the authenticity of Goods and Services. To the extent such provisions conflict with this paragraph (f), this paragraph prevails.

vi) Seller shall flow the requirements of this paragraph 13(f) to its subcontractors and suppliers at any tier for the performance of this contract.

(g) If applicable, Seller shall comply with the requirements in Federal Acquisition Regulation 52.246-26 to screen for and to report Counterfeit Goods, suspected Counterfeit Goods, major nonconformances, or critical nonconformances. Purchaser may, when applicable, report Counterfeit Goods, suspected Counterfeit Goods, major nonconformances, or critical nonconformances for Goods or Services provided under this Agreement to GIDEP and/or to Purchaser’s customer.
